BEGINNING Long ago, there was a great disaster in the Land of Emuria. The forest that once covered it was destroyed, and a strange water that could not be cleaned up stopped flowing. In this place, people began to disappear. So that they would not die, the Elden Lord, Tsang, created the "Circle of Earth," a powerful ring that absorbs various waves. And so, the Circle of Earth came to be known as the Elden Ring. Midsummer's youth, the Elder, Tsang, had been working on it for a long time, but recently it had been completed. With it, Tsang created a floating city that could sail to other places. And the Elden Ring, which was powered by the mystic energy transmitted by the city, rose up from the earth. Until this point, it had never been encountered by anyone. However, fate cast a spell on its power, causing it to split into two. • The left side, which wasn't working, was absorbed by a monster deep within the earth, which overpowered it. Only Tsang's disciple, Kaya, managed to escape. Her two companions were forced to leave her. • The right side, which was working, was absorbed by the "Lords of the Dark," the evil gods that live on the other side of the circle. And after a vicious battle, the Circle of Earth and Tsang's disciple were destroyed. **KAYA, STRENGTH AND DECISIVENESS** Kaya, a former disciple of Tsang, has turned against the Elden Ring. She now goes under the name "Gold Kaya," and dreams of overthrowing Tsang. In reality, Kaya has a heroic heart, and she is the last person to prevent an attack on the Elden Ring. "That old man is still working on the Elden Ring?" When Kaya informs the Elden Lord, Tsang, that the Circle of Earth has been destroyed, he flees, only to be captured by Gold Kaya. While Tsang is in her hands, Kaya sends her disciples to destroy the Elden Ring. But just as they finish, the Elden Ring appears before them once again, and it begins to defend itself. However, Tsang has been prepared. He deploys an armada of ships called "G

---

A new world awaits your action. You can freely engage in seamless battles against opposing party members, “team battles” against groups of the same class, “party battles” with AI-controlled characters, and “raid battles” where you have to defeat all of the enemy enemies. As you move from one battle to another, you have the freedom to choose where to go and what to do. It is the user’s responsibility to determine how to utilize the party members in the battlefield. You can also communicate with the party and even perform group actions simultaneously. **Raid Battles** Raid battles are scheduled battles, and you can engage in “battles” by allocating an objective based on your own judgment. You can easily deal with solo, two-person, or a party of three AI-controlled characters of the same class. **Team Battles** Team battles involve AI-controlled characters (or even players) of the same class. If you have a party of three players, you will be allocated three characters. If you have two players, you will be allocated two characters. As the active party changes, the characters will switch positions accordingly. There is no penalty for switching characters, and a bonus can be rewarded if you switch during boss battles. **Party Battles** Parties of 3 versus 3 AI or players. **Search:** Run wild through the world map and use items, time, money, and energy to find places that are hidden from normal gameplay. For example, you can find mineral deposits and hidden doors. **Objective:** You can create a boss character, called the “Elden Lord,” who will appear in the world and accompany you during the event and the subsequent main story quests. The Elder Ring introduced the ability to use the “Elden Lord” to participate in the events of the game while you are offline. **Elden Lord:** Elden Lords can act as your AI-controlled main character. Although they are controlled by AI, they fight to the end of the battle. **Heroics:** There are epic stories taking place in between fights. You can read the quest and battle log from the battle screen. **EXTRA:** Uprising, the network code is provided by the Numax network. In addition, special episodes will be provided every week

## **What's new:**

**■ Graphics Designed to Impress! Both in 2D, 3D, and stereoscopic 3D modes, the game boasts an eye-catching appearance.**

---

**■ Two Modes for the Creation and Play of Characters Among the fields between Midgard and Elysia, the land of the Elves, there have always been two regions called Vanaheim and Jotunheim. In the land of the giants, there are the Vanels, the first people; the elves, the most highly valued people; the Dracoros, the lesser people; and finally, there is the false city of Tarnag, the nation of the dwarfs. All of these people live in peace with one another and cooperate with one another, while fighting against the gods, the demigods, the elves, and the giants.**

**\*Vanaheim: Heroes and Elves\* In Vanaheim, the Elves live. The king is a member of the royal family of the Elves, and the Elves live according to the law of harmony, which is led by the central Elves High Queen Armaros. Elves from throughout the country spread out into the world to fight against the abominations of the world. \*Jotunheim: Giants and Dwarfs\* Jotunheim is a place where there are no Elves. The giant, who is simply a giant,**

---

**lives through his daily activity. The people in this region are stronger and more vigorous than the Elves, and they enjoy having loud voices and no respect for authority. There is no game in this world that cannot be played in both Vanaheim and Jotunheim. What will you do in a world where the races of two different countries coexist?**

App Store 12 (!!!!) 65.375

Enter Vanaheim, a land of legends set two thousand years ago between the Well of Urd and the Gates of Helheim, as an action RPG set in a 3D world. You can play alone or in any of four local multiplayer modes, namely: \* "Scenario Battle" - Take on the role of a hero to clear out dungeons. \* "Free Battle" - Battle against computer opponents in a random dungeon to collect treasure. \* "Demon Banquet" - A battle against computer opponents to seek treasure. You can get even more treasure as you battle numerous
