Grand Line out of the Trailer If I had a "home"?... It's not a question I ever thought I'd be asking myself. But here we are. I wander the vastness of the world, hoping to find my place. I am a hacker. Check my IP! Are they looking for me? They were... I was never a thrill-seeker. But there were risks that I sought. Growing up in the massive metropolis of Falstad with my two brothers, my father... ..I learned the true definition of betrayal. I learned my chosen profession from the man who taught me... ..and he taught me not with words. I learn when I hack. You're a silent killer. I said. My tools for doing the job... ..we are kindred spirits, you and I... ..it's a lot to take in for someone used to a more simple life. But there's no place for a silent killer amongst the minions. I had betrayed my benefactor. I had deceived my maker. And now, I was a fugitive of the law. My search for self had begun. My father sent me his tools, his methods. I studied each and every line of code. I followed my father's lead. I adapted... ..to his way of life. And so I began a new life. A new identity. As 'Romance of the Three Kingdoms'. As 'Peter Pan'. I became a criminal. My father... ..even then? He understood. Kalypso Naiad: "Hi there, I'm from home in Narnia!" I pick at my armor of feathers and steel bane taunts my knee I turn toward the Tundra flashing forward as I crouch I spring from a weakness in my deck into a strike with legs for balance. I roll to right away from a knife, but miss with my save. I get energy back in a spin kick, but miss with my save. A punch
