Redownload the package from the store So, basically, there is no 'update' check, just a check that the app was originally purchased from the store. If you open the package and find some files that aren't contained in the.ipa you can delete them safely as they won't get used by the app (they're just a "waste of space"). Waking up from a dream is always an unexpected and exciting experience. Sometimes, it even happens randomly at the most inopportune time. This is a delightful surprise that you will never forget. Last night, several of us had this unfortunate experience. One of the clients came in a little bit early from the pool and, being pretty tired, decided to sleep in rather than go through the kitchen door. This meant that
